Location

The Chapel Yard workshop unit is situated in a sheltered courtyard setting by the Castle's Medieval Keep. The Castle is within easy access of Lancaster's City centre, its shops and facilities and public transport links. It is close to Lancaster's main railway station allowing access to the west coast mainline.

The small, creative and vibrant community at the Castle includes an embroidery workshop, stone sculptor, University teaching space, and Atkinson's Castle Café. The Castle attracts considerable visitors for tours including access to the Shire Hall Courts and the Police Museum. In the summer months footfall can exceed 1,000 a day.

Description & Accommodation

Located in the shelter of the Chapel Courtyard, the 120 sq ft unit retains much historic character. The original old stone walls are exposed, the services are surface mounted (electric heating) and flooring consists of a Gradus barrier matting footwell and an attractive sealed washable non-slip floor screed. Electricity use is monitored by way of a check meter and billed at quarterly intervals. A water supplies the unit but is currently capped off. Communal w.c. facilities are available for use by the Castle community.

Two different sized workshops are currently available.
